

New additions in the line up !

With spring is coming a new team of bulls : SUPERBOY and SAPHIR are great ambassadors of their sire PACTOLE. With TITANIUM (Noro), a new leader is reaching to the top of the GZW list in Germany, and TABEO brings an interesting combination of fitness and production. On the proven list, O MALLEY starts to add many daughters and confirms he is a great bull for type and components, bringing breeders' satisfaction!

NEW GENOMIC SIRES

SUPERBOY

Pactole x Antonov x Jacarta

Born at Gaec des Marguerites (Ille et Vilaine). One of the two first PACTOLE sons released by BGS. His dam Petula is a really nice Antonov daughter, that started very well her first lactation with 28 kg. His grand-dam produced 11 446 kg at 3,91% F & 3,47% P. This new cow family goes back to a VG 88 Vinozak cow as 4th dam. SUPERBOY brings a very complete profile, high components, good balance of type, dairyness and super feet and legs. He has the sought-after BB and A2A2 caseins, available both conventional and sexed. aAa : 642513

Dam : Petula (G+84)

SAPHIR

Pactole x Amor x Traction

Born at Alain Terrillon (Côte d'Or). This second Pactole son coming out of BGS program comes from another new cow family. He can reach the very high levels of GZW CH at 1481, also 130 in GZW DE and 190 in PPR. His dam Oblique achieved in her 1st lactation 9664 kg at 4,18% F & 3,62%P and has tremendous feet and legs and dairy strength. SAPHIR will make high producing cows with components and excellent fitness traits. He is the best Pactole son with GZW CH 1481 and GZW DE 130. They will move on super feet and legs. He has the sought-after BB and A2A2 caseins, available both conventional and sexed. aAa : 165234

Dam : Oblique (VG 85)

TABEO

Aristo x Bender x Jeroboam

Born at Gaec du Thorey (Côte d'Or). This Aristo son is also out of a new cow family from BGS program. The foundation for production is really strong : his dam Omega has a 2nd lactation of 10 668 kg at 4.85% F & 3,79%P , the grand dam (Jeroboam) made 12 495 kg at 4.25%F 3.74%P and great grand dam (Traction) achieved 13 212 kg at 3.87 %F3.4 %P, both scored VG too. TABEO will sire very good frames, cows with top fitness traits and high components. He will improve feet and legs and breed the ideal medium teat size. He is the highest ARISTO son in Germany at GZW 128. He has the sought-after BB and A2A2 caseins, available sexed semen at the end of April. Conventional semen available during May. aAa 261435

Dam : Omega (G+84)

TITANIUM

Noro x Nice GP x Alaska

Born at Gaec de la Bellerie (Aveyron). This is our first NORO son, from one of the highest ranking NICE GP daughter in France. She produced in her 1st lactation 7990 kg at 3,95% F & 3,76%P and hails from another new cow family too in BGS program. TITANIUM will bring the balanced breeding with very complete type, especially udder and width of chest. He is the highest foreign genomic bull in Germany at 138 GZW, and best Noro son. In Switzerland with 1457 GZW he is in the top 5 of all available sires. He has the sought-after BB and A2A2 caseins. First semen will be available **only from June 2023**.

Dam : Pennie (G+82)

OTHER TOP GENOMIC BULLS

SKYFALL

Optimal x Loustic x Anibal
aAa 615243

He ranks at the top of several genomic lists, with 1434 GZW CH he is in the top in Switzerland and number 10 of foreign bulls in Germany at GZW 133. His family traces back to a great cow in Switzerland Zeus CH ZEA EX 94 who produced lifetime 117,943 kg 4.68 %F 3.62 %P. SKYFALL is a good choice to improve milk production without sacrificing udder quality, muscularity and all fitness traits! He offers the sought-after BB and A2A2 caseins, available in conventional and sexed semen.

OHEA ABF, dam of Skyfall

SATURNE

Optimal x I feeling x Vigor
aAa 165243

Born at Gaec Brast in Aveyron, SATURNE has the ideal package of production, fitness and nice udders, This OPTIMAL son has a deep pedigree behind, back to the famous Hussli TIGELLE EX 90 and its 130,000 kg lifetime production! He gets a high GZW CH at 1449 pts and has the sought-after BB and A2A2 caseins. He is widely available conventional and sexed.

MADMOISEL, dam of Saturne

Other top French sires :

- STING (Tu SG)** is the #1 sire with a stunning 1550 GZW CH but already sold out
- OPTIMAL (Sinatra)** is still number 2 available bull in Switzerland for GZW at 1461
- RASTAROKET (O Malley)** remains in the top 5 in Switzerland for GZW at 1450
- RIESLING (O Malley)** is still 129 GZW in Germany with 123 udder and 788 milk
- ROCKY (Canyon)** ranks #7 of genomic sires in Italy with 1190 ITE
- PACTOLE (Blower)** is still #2 PPR in USA at 211 and #11 in Italy with 1165 ITE

PROVEN BULLS

O MALLEY

Bender x Glarus x Dally
aAa 423561

He was awaited and he has now his first results in various countries. In total, he has 293 daughters in milk worldwide getting in the proofs. In Italy O MALLEY even gained some points of ITE to reach 890 ! in all countries, O MALLEY improved his components, lost a little bit in milk index but the kg of PROT and FAT remain at their high level. His very complete type profile is also confirmed with now 158 cows scored worldwide. He is for sure an udder improver and can regularly correct the rumple angle and improve thurl position. His daughters move on very good feet and legs and have balanced frames. At the moment, most of his milking daughters in the proof are with just one test or very short lactations. We really have to wait until August or even December 2023 run to get a stable proof with more data.

Meanwhile many of his daughters are performing well on farm and also on some shows :

Duss BS O Malley KENAYA :

IGBS : reserve Junior Champion
Brown Swiss Master Sargans : 1st in the class

Duss BS O Malley KENAYA

O Malley OSMEA :
Bundner Braunviehtag : 1st in the class

RAIPONSE (O Malley x Amor x Zephir)
38 kg/day
Same family as PACTOLE

REVEUSE KS (O Malley x Amor x Zephir)
Best udder at Miss BGS show PARIS

LBB RIXIE (O Malley x Anibal x Hulk)
Reserve Miss BGS show PARIS

RACHIDA and ROMANE
Two O Malley daughters at Sommet Elevage 2022

Our O MALLEY sons will continue to be demanded, offering various profiles :

RIESLING
RASTAROKET
RIDLEY
LBB RALICE

O Malley x Ifeeling
O Malley x Sinatra
O Malley x Vanpari
O Malley x Vigor

Top GZW, milk and udder
Top GZW CH and udder
Top fitness and grazing
Top Type and Milk

NO DECIBEL

Daredevil x Anibal x Dally
aAa 342156

He added now 71 daughters in the production proof and 21 in the type evaluation. He confirms to be an exceptional udder bull with 127 in the CH base, also +2.2 in France and remains a complete bull with excellent feet and legs and correct production. He is AB and A2A2 and well available conventional semen.

ROSALIE (No Decibel)

OSBOURNE

Fact x Pom Ipiano x Brillant
aAa 165243

He added just 24 daughters in the production proof and makes a very good start. His daughters are producing very well with nice fore udders. They show a lot of power in the front end and good muscularity considering the production. He went up in ISU to 172 pts and now 1332 GZW CH and 156 PPR. He is AB and A2A2 and well available conventional semen.

LANCELOT, dam of OSBOURNE

NICE GP

Fact x Calvin x Glenn
aAa 243615

with 95 of reliability, he becomes a highly reliable proven sire, and has an incredible combination of udders +2.2, fertility +1.8, udder health +2.0, chest width +1.4 and positive muscularity, along with over 450 kg milk on 270 daughters. Cows built to last!

PARRURE, daughter of NICE GP
