

## GERMAN FLECKVIEH / DAIRY SIMMENTAL OFFER

Our German fleckvieh bulls come from one of the top German fleckvieh stations: **Höchstädt AI center** (Besamungsverein Nordschwaben E.V.) in Bavaria, Germany. We offer a wide range of top-ranking bulls selected according to each breeder's needs. If you look at the Total Merit (GZW) top list, the top 50 current bulls include no less than 27 bulls which have a Höchstädt sire of sons. This shows the sustainable quality of Höchstädt's bulls.

Our German fleckvieh offer counts 68 bulls displayed on GZW, from which 45 are genomic and 23 daughter-proven, 18 are PP, P or PS, 8 are available female-sexed and one male-sexed.

### Genomic sires

**HASHTAG**

**HASHTAG** AA | A2A2 | aAa 642513  
Hayabusa x Mandrin x Manigo

The popular HASHTAG continues to be one of the most complete sires of the breed (GZW 138) and the most successful sire of sons. No less than 17 bulls of the top 30 ranking are HASHTAG sons.

Two examples of high-quality HASHTAGS sons are the brand-new and attractive **HOME** (GZW 144) and **HAMBURG** (GZW 143). **HOME**: Out of long-lasting and high-productive cow family. **HAMBURG**: Top for milk, beef & fitness (available after May).

**HOME**

**HAMBURG**

HASHTAGS interesting full brother **HAITI** (GZW 137) offers an outstanding milk production level (+1498 Milk kg).

**WEBEX** (GZW 138) is leading the group of our high **WEITBLICK** sons. The bull stands for high production, great Fitness Index (127) with outstanding longevity, low somatic cells and really easy calving.

The new released **HOSARIO** (GZW 142) and **WILDWECHSEL** (GZW 141) complete the package of our attractive bull line-up. Available after May.

The popular **WASSERSPIEL** (GZW 137) had an excellent debut last proof run. Top all-round sire with high milk, great longevity and quality udders.

**SALUTE** (Sido x Hetwein) was another new December star with GZW 134 now, different pedigree, high Fitness Index, excellent udder quality and easy calving.

Newly released is **DOCTOR** (GZW 137, Doc x Herzpochen) as one of the most complete and very balanced bulls. Different paternal sire stack (Dirigent bloodline).

One of the major news one year ago was the arrival of the top sire **MATROSE** (GZW 138, Mcgyver x Vaduz). Semen is much better available now. Different sire stack. Sire of sons.

One flagship in our line-up is **SPINOM** (Spartacus x Weyer) with a great Total Merit Index of GZW 142 (Milk Index MW 124). He is going back to the rare Streik bloodline, combining high milk, great fitness, excellent Beef Index and easy calving.

The Easy son **ENSBACH** (GZW 137) had a strong debut in August last year into the genomic line-up. Highly popular. Great milk (+1201), high Beef & Fitness Index, quality udders. Top dual-purpose sire.

Some other last year new released bulls like **WACKEN** (GZW 137, Wuhudler x Herzpochen), **ZIMBO** (GZW 139, Zeiger x Herzpochen), **WEISSLING** (GZW 138, Weissensee x Wobbler) and **EXPORT** (GZW 138, Elexis x Hermelin) got popular over the last months.

**SENATOR**

**SENATOR** BB | A1A2 | aAa 456321  
Sisyphus x Manigo x Willem

A real new star arrival one year ago was the SISYPHUS son **SENATOR** (GZW 141). He immediately placed among the most popular bulls. Still high demanded. Sire of sons.

The high demanded no.1 Manaus son **MONKEY** did hold strong at an attractive level of GZW 139. Great blend of milk (Milk Index 126) and beef (Beef Index 121).

The popular **ZEIGER** (GZW 143) impresses with his high breeding values in combination with a different pedigree. Successful sire of sons.

**HIMMEL** remains as one of the most complete udder improvers (Udder Index 133) and milk yield sires (Milk kg +1246). An attractive package still offers the Westwind son **WALLERSTEIN** (GZW 134).

## Polled sires

The December new released Hamlet Pp son **HYPERION Pp** (GZW 139) is drawing attention among the polled Fleckvieh sires with high proof figures all-across the board.

**WANERO PP** (Waalkes Pp x Motane Pp), our intriguing December homozygous polled newcomer got popular with an attractive GZW of 136.

Two new top arrivals are **IBIS PS** (GZW 141, IQ PS x Vaduz) and **HIMMELWERT Pp** (GZW 135, HIMMEL x Malaga PP). Keep an eye of them. Available after May.

**HONZA PP** is holding strong as one of the most popular homozygous polled sires.

**HOFGUT P** AA | A1A2 | aAa 435261  
Hashtag x Majestaet PP x Manolo Pp

Another highlight of our line-up is the new HASHTAG son **HOFGUT Pp**. He impresses with an attractive Total Merit Index (GZW 139), high milk, great fitness (Fitness Index 119) and nice udders (Udder Index 118).

**MONET PP** (GZW 126) is still one of the most popular polled sires among our offerings. Complete homozygous polled package.

Our polled Monopoly son **MOTIV PS** did hold strong with GZW 135.

**VOLARIS PP** (GZW 123, S. Votary PS), one of our popular homozygous polled sires in 2022, stays strong as another attractive polled package. Versatile usable because of Mahango Pp free pedigree.

Our polled group is completed with the promising 2022 newcomers **WANTED Pp** (GZW 136) and **HIRTE PS** (GZW 132).

**Top sire fertility:** **HAITI, HASHTAG, ZEIGER, EGOIST, MOTIV Pp, WOSSI** and **METER Pp** are ranked among the top sire fertility bulls with high Total Merit (GZW >130).

## Daughter proven sires

Our highest newcomer **ZUBRINGER** (S. ZAZU) makes his daughter proven debut at GZW 133 and ranks with his great proof among the top 20 of the Fleckvieh breed.

**WEITBLICK** (GZW 133) continuous to be popular and world-wide respected as one of the most complete daughter proven sires of the breed.

**VENTURA**

**VENTURA** (GZW 122, S. Raldi) transmits a great blend of enough milk, easy calving and quality udders and goes back to a successful cow family.

**SISYPHUS** (GZW 127) remains strong within the section of daughter proven sires after his excellent debut two years ago.

**EUROPA** (S. Equador, GZW 124), **HERZFEUER** (S. Herzs Schlag, GZW 123) and **HIMALYA** (S. HUGOBOSS, GZW 120) started in this April proof run their new career as daughter proven sires.

Our popular **WONIGO** (S. Wobbler, GZW 125) still shines with his offspring and confirms his breeding values.

**ZAZU** (GZW 133) stays attractive as a successful sire of sons with his elite offspring **ZEIGER** and **ZUBRINGER**.

Our attractive daughter proven polled newcomer of the last year **VELIANO PS** (Vespasian PS x Mahango Pp) ranks, with his exceptional proof, in 4th place for overall proven polled sires of the Fleckvieh breed.

The two last year new released sires of the daughter proven line-up **VANILLO Pp** (S. Varta, GZW 120) and **HARLEY** (S. Haribo, GZW 122) got popular within the last months.

**HUGOBOSS** completes the daughter proven section as a high milk sire with incredible feet & legs.

## FRENCH FLECKVIEH / DAIRY SIMMENTAL OFFER

The French bulls from our line-up come from our partner **Simmental France**, the single dairy Simmental / Fleckvieh organization in France, in charge of the national Herdbook, promotion of the breed and the unique national Fleckvieh breeding programme. Our offer includes 27 bulls on ISU, from which 12 are proven and 15 genomic, 4 polled and 3 female sexed.

The 2018 series of the "M" bulls is now completely daughter proven. **MATUVU** is a very complete bull, but can't be used on heifers. **MIDLANDE** is the real dual purpose bull with 1100kg milk and 109 muscularity. Very good udders and udder health for the easy calving **MINISTRE**.

**OSIRIS** still runs the overall ranking with 182 ISU, and **NIKOS** as the highest daughter proven with 167 ISU.

### **SAM PP** BB | A2A2 Polking PP x Mcdrive P x Wille

Sam PP is a new bull in our genomic line-up, the first French dairy simmental bull homozygous polled born in France. He was born in Brittany, is BB A2A2 and available female sexed ! He is 140 ISU and presents good milk and fat levels, excellent functional traits with very easy calvings and very good temperament. Good size cows with good muscularity.

### **POSEIDON P** AA | A1A2 Mahoni P x Waban x Vlax

This heterozygous polled son of Mahoni P shows an impressive milk proof of 2232kg, combining with an excellent type with nice frames and rumps, high muscularity (112), impressive udders on each trait. He also shows very easy calving ease and calving ability, the must have ! Available sexed.

Enjoy reading !
