Brown Swiss PPR

- TORONTO** is getting very close to the top of the PPR list with 230 (04/23). He has incredible combined fat and protein figures at +136
- PACTOLE** and his sons are trusting the PPR list now : the 6 highest genomic bulls are all sons of PACTOLE
- SNOOPY** with 209 PPR would be the highest Jonmar son in USA, with plenty of milk to produce and last
- STING** is over the 200 points PPR but with very limited amount of semen available in US
- RASTAROKET** is still #15 at 181 PPR with a complete profile
- TRIPOLI** is the best Optimal son for PPR at 188

Brown Swiss ITE

- ROCKY** is still our #1 ITE bull with 1182 ITE, followed in our offer by **PATRICE** with 1127.
- TORONTO** makes a very nice start in the Italian ranking with 1056 ITE. From the same family as Rocky and Rastaroket. He brings very good frames and feet and legs with functional udders
- MALLEY** is now proven with 657 daughters and goes up +61 pts of ITE to reach 951. He confirms his exceptional components and very complete type. He is the #1 bull for ITA with at least 120 for overall type.
