

## A VARIETY OF DIFFERENT TOP NEW SIRES COMPLETING THE RANGE

### BREAKING NEWS FLECKVIEH ISU

6 new attractive genomic bulls with all very interesting and complete profiles complete the french Fleckvieh line up for this August proofs run.

#### French Fleckvieh genomic bulls

-**SENATEUR P** our new heterozygous polled is #1 french fleckvieh in ISU with 183. From a great cow family, he is already very popular in France with all what breeders need.

-The high milking **SUPER** arrives in the offer with 179 ISU, very good muscularity and very good udders. His fam is the nicest Willie in France.

-**SCORPION** is a new bull in the line-up with 172 ISU, very complete A2A2 bull.

-The complete **ST HUBERT** starts also very well with 169 ISU

-**SOPRANO** is also new with the same ISU level of 169.

-**SALTO** also makes his debut with 165 ISU, showing impressive frames and muscularity with perfect fitness traits.

-**OSIRIS** still stands high with 182 ISU; his first 18 months old daughters are very liked on the farms and we can't wait to see them milking.

-**POSEIDON P** keeps up with 172 ISU and his impressive milk proof of +2232kg, perfect type and easy calving.

*SENATEUR P*

*ST HUBERT*

#### French Fleckvieh proven bulls

-**NIKOS** remains the #1 french daughter proven bull with 169 ISU, still great production, very easy calving.

-**NOUNOURS** remains a very interesting proven bull with 145 ISU

-**ORACLE** is now proven with 142 ISU, very interesting in frame, muscularity, nice udders and good temperament.

**SYNETICS - The perfect fit**
