

Top new bulls, including 2 top polled bulls !

7 new Brown Swiss bulls enter our line up for this April proof run. All of them are BB and A2A2, available sexed ! 2 of them are heterozygous polled, and 2 of them are "type" bulls ! Several have outcross pedigrees. Here is a quick highlight on the first proofs from Switzerland, US and Italy.

7 new bulls

BB, A2A2 & sexed

New genomic Brown Swiss GZW CH

- **Ultratop** (S. Adee) is a new bull in our line up, one of the first Adee son. It's a high type bull of 1367 GZW CH with high longevity, from the famous family of Urgele EX-91 and her 123 000kg lifetime production.
- **Urion P** (S. Leon PP) is a heterozygous polled bull with high type, BB & A2A2 ! He is 1382 GZW CH, 125 Udder and +869kg milk. He is from a new deep cow family.
- **Tornero P** (S. Ramses) is a top new heterozygous polled bull from an outcross pedigree. He has a complete profile and ranks well everywhere !
- **Touareg** (S. O Malley) is another new type bull from the famous O Malley, from a very deep family: Unic Brunette VG-88; he has a very interesting triple A code, and a very high milk potential in the maternal line.
- **Tiramisu** (S. Rocky) arrives with its original pedigree, very high milk potential, fertility giving strong cows with wide udders and rumps.

Ultratop's 7th dam, Urgèle

Touareg's dam, Payette

Urion P's dam's udder, Reaction

New proven Brown Swiss GZW CH

- **Optimal** (S. Sinatra) is newly proven ! Still an impressive milk proof, great udders, producing medium sized very strong cows. Still available sexed !

New genomic Brown Swiss PPR

- **Tornero P** (S. Ramses) takes the top of our PPR offer with 222.
- **Thalassa** (S. Piston) follows with 188 PPR with its original pedigree, high milk, excellent health, producing medium sized strong cows.
- **Terraz** (S. Phenix) has also a different pedigree without Blooming blood, showing high components, fitness and complete type with strength and ideal teat size.

Terraz's dam, Rosabelle

Proven Brown Swiss PPR

- **Pactole** (S. Blower) has a drop in his PPR due to pedigree information correction and a very small number of first daughters in milk, we should wait for August to get a clearer view on his proven proof including much more daughters. Many of his sons are still in the top PPR.
- **O Malley** (S. Bender) as proven went up at a very nice PPR level of 146, with 465 lbs milk, complete type, amazing udders & components.

Tornero P's dam, Roleasing

Proven Brown Swiss ITE

- **Optimal** (S. Sinatra) is newly proven ! Still an impressive milk proof, great udders, producing medium size very strong cows. Still available sexed !
- **Pactole** (S. Blower) keeps up at 1075 ITE. The first daughters in milk in France are impressive and appreciated !

Pactole 's daughter, Sephora

This is just a small excerpt from the interesting portfolio of SYNETICS. We will shortly be presenting our current range of bulls in more detail here.

SYNETICS - The perfect fit
