

## High German Fleckvieh offer !

A nice proof run with a large number of new bulls in the line-up from our partner **RIVERGEN** - many top bulls enter our offer. Discover more of those new German Fleckvieh bulls on the GZW base:

### Daughter proven bulls

With

- **Zeiger** at 142 GZW,
- **Zubringer** at 141,
- **Hashtag** at 140 and
- **Haiti** at 138,

we can proudly occupy the first to fourth places of all progeny tested Fleckvieh bulls with well-known Höchststädter bulls.

- **Himmel** (S. Hurly) can be recommended as a newcomer in the proven bulls as a timeless all-rounder. The proven and popular bull was able to keep his gGZW at 124 against the depreciation and has a milk value of 122 with an incredible +1265 kg milk. With average milkability (101), the daughters of the A2A2 bull inspire with a very good cell count (121). The highlight is Himmel's conformation inheritance. His large-framed daughters (R 119) stand on ideally angled feet&legs with good feet&legs and feet & legs (F 108). The fantastic udders (136) impress with their enormously good attachment to the abdominal wall (VEA 127), the high udder floor (120) and the ideally placed teats front and rear (SPv 130; SPh 112). He is the best udder improver worldwide !
- **Montreal** (S. Melbourne), **Weidwerk** (S. Weitblick) and **Honolulu** (S. Hokupokus) are the 3 other proven bulls entering our offer with different assets.

*Iceland, daughter of Zeiger*

*Kosika, daughter of Zubringer*

*Hashtag*

## Genomic Sires

- **Scotty** (S. Sputnik) with a gGZW of 147 is one of Sputnik's most complete sons with the highest breeding value. He goes back to an outstanding cow family, with still 5 generations !
- **Willers PP** (S. Wirbelwind PS, GZW 136) comes from a well-known proven cow family with very strong conformation, and his dam was at the German Fleckvieh Show 2023 in Miesbach. He also brings good beef value and top fitness.
- **Watson PP** (S. Wannabe PP, GZW 131) is another homozygous polled son from the same cow family as Wuestensohn and Volkert. He shows good beef and milk values, good fitness with high longevity and udder health.
- **Schiller** (S. Senator, GZW 140) comes from an impressive cow family, convincing with a high overall breeding value and a very good milk yield.
- **Mergur PS** (S. Monet PP) is already well-known and was able to maintain his gGZW 139 and MW at 126. He combines top breeding values making him an all-rounder.

*Scotty*

*Willers*

*Mergur PS*
