

## SYNETICS asserts its leadership in Europe !

SYNETICS bulls stand out in the European rankings

- SYNETICS is proud to provide you a **complete lineup of bulls** in major European bases.
- Lots of our bulls are particularly well-ranked at this April 2024 proof run with a strong presence in the **TOP 30 in all European breeding values**.
- Whether genomic or proven, SYNETICS genetics is **powerful** and all **available** in conventional and sexed semen for you.

### PFI - Poland

- We are proud to see that the TOP 5 PF is composed of 2 SYNETICS bulls including **Tustin** at +171 PFI.
- **Marriott** and **Real Syn** join the TOP 10 with +170 and +169 PF.
- Regarding the proven ranking, **Jazz** is #2 and **Ogoueno** reaches the TOP 10 PF.
- On the red side, we find **Random Red** and **Promise Red** in the TOP 10.

*Real Syn*

### NVI - Netherlands

- SYNETICS owns 4 bulls of the TOP 15 NVI with **Real Syn** which is #5 of the ranking, followed by **Rockwell**, **Bigpack** and **Toolate**.
- **Summerlake** and **Gywer RDC** can be found in the proven TOP 15 NVI with Summerlake which ranks #5.
- Among the R&W bulls we can find **Raven Red** and **Feit Red P** in the TOP 30 NVI. For the proven R&W, **Spark Red** remains in the TOP 10 followed closely by **Solito Red**.

*2575, daughter of Summerlake*

### NTM - Scandinavia

- We can find 3 SYNETICS sires in the genomic TOP 50 NTM which are **Rainow** with +34 NTM and **Rapido** and **Rosario** at +33 NTM.
- **Skyboy** is in the proven TOP 20 NTM with +27 NTM.
- The bulls **Lenovo** and **Jazz** are also still available in the proven TOP 50 NTM.

*Rainow*

---

## PLI - United Kingdom

- **Touchy** stays in the TOP 30 PLI with +812 PLI and he is followed by **Toolate** in the TOP 50 with +798 PLI.
- The new one over 800 PLI which is coming is **Todolist** with +804 PLI.
- SYNETICS sires are in the proven TOP 20 PLI:  
**Topstone** with +689 PLI and **Pellegrino** with his first daughters at +654 PLI.

*Touchy*

---

## PFT - Italy

- **Toolate** is still our highest genomic sire available with +5181 GPFT. He would reach the TOP 10 GPFT.
- He is followed by 5 bulls over 4900 PFT including **Neptun**, **Tips**, **Robocop** and **Milosch**.
- 2 new bulls join the lineup: **Zermatt** at +4978 GPFT and **Upset** at +4892 GPFT and +2080 kg of milk.
- **Pellegrino** has his first daughters and is still very attractive with +4754 PFT and +1749 kg of milk.

*Mariella, grand-dam of Zermatt*
