

## SYNETICS, Leading for Health & Genetic Progress !

- Outstanding yearly base change of 8 points of ISU shows the high performance of SYNETICS breeding program!
- SYNETICS leads Health improvement with new traits:
  - Reproduction traits: Retained Placenta and Metritis
  - New Hoof Health traits integrated in the new ISU formula
  - Strong leader for Polled & Paratuberculosis resistance
- SYNETICS leads overall ISU ranking: 80% of TOP 20!

+8 ISU yearly progress

New Health traits

80% of Top 20

### SYNETICS, leader for Health

- **Reproduction: Retained Placenta** and **Metritis** are 2 new exclusive proofs from SYNETICS Génosanté R&D program.
  - Best SYNETICS bulls, like **Trevert**, can improve by 50% herd results for these traits that weight 1200€/100 cows/year.
- **Hoof health**: 7 years after the creation of Génosanté, hoof health becomes a new official proof and is integrated in the new ISU for 6% weight. **Talavenir** becomes the Holstein leader for hoof health with +2,8 STPI.
- **Paratuberculosis resistance**, world exclusive French indicator, is providing a unique long-term solution for farmers. 5 out of top 10 SYNETICS bulls are qualified RPTB like **Troscoff**.
- **Polled** stands up within SYNETICS offer with **Utaka P**.

### The new SYNETICS generation

- **Thiem** (ISU 222) is one of Roddick's first sons. He inherits his sire's dairy qualities with a milk index at +1919 kg. In this segment of production champions, **Real Syn** (+1827 kg) keeps the leadership in RZG and maintains an excellent level of ISU at 215. **Tavanjer** (+1444 kg) and **Tamack P** (+1494 kg) will also produce daughters with maximum milk production.
- **Utaka P** is the new N°2 French ISU for Polled bulls, just behind **Tamack P**. He is one of our new specialists with a milk rich in protein and fat (+6.6) without losing sight of milk quantity (+1081 kg). **Trigavou**, **Tennie** and **Tourangeau** also offer this added value in terms of components.

Sionaise dam of Utaka P - Gaec Aron et Chere

## The new SYNETICS generation

- If you're looking for cows with controlled stature, sufficient width and resistant to lameness, **Trévert** and **Tukerheu P** are essential. **Talavenir** confirms his status as master of hoof health (+2.8).
- **Pepitas** (ISU 213), **Teacup P** (ISU 211) and **Tonykroos** (ISU 205) are the first and best sons of Pellegrino, Ridercup and Speculos that arrive. They strengthen our range of autonomous cows in which **Tarok P** remains very attractive.
- The homozygous Polled **Uxheim PP** passes the 200 pts ISU mark and takes the 1<sup>st</sup> place in the French PP ranking.
- In Red Holstein, **Touzac Red** completes the Red range.
- When it comes to type, **Tiamor**, **Savenay**, **Roddick**, **Rockchip**, **Rockland** guarantee excellence.

*Rencontre, daughter of Complex and dam of Tonykroos - Earl Arnaud Mellerin*

## Proven bulls

- **Poulidor** (ISU 185), **Oria** (ISU 179), **Oued** (ISU179), and **Solito Red** (ISU 178) are among the world's top 15 proven sires (95% Rel). If we extend the list to the 50 best proven sires in the world, we also find 18 of our bulls, including **Perigne**, **Ogolf Rf** and **Oheme**.
- **Gepard RF** (ISU 197), **Polibay** (ISU 184) and **Payet P** (ISU 180) have just passed the 85% Rel mark by integrating their first daughters.
- If you're looking for a good type with milk and functional, we highly recommend **Pellegrino** (ISU 199), who is integrating his first daughters. These daughters are already making a name for themselves in the European rings.

*Scarlatine, daughter of Polibay - Gaec de la Blandelière*
