

Pactole and Optimal are now top proven bulls !

2 new top polled sires with **Uderzo P** and **Tomy P**

This August run is an impressive milestone for the confirmation of French Brown Swiss reliability: genomic stars **Optimal** and **Pactole** are now proven and gained in all countries.

Uderzo P and **Tomy P** are joining a great team of polled bulls.

2 new bulls

6 polled bulls

Brown Swiss genomic bulls

- **Uderzo P** (S. Tamboy P) is a new polled sire with great volumes of milk and super fitness traits. He is 1443 in GZW CH and 200 PPR. Medium sized cows with great width and power, available both conventional and sexed
- **Tomy P** (S. Vivek P) also a new polled sire of sons with extreme solids and super fitness traits. He is the #1 polled bull in Italy with 1128 ITE and 217 PPR too. Limited availability to start, only conventional semen
- **Urion P** (S. Leon PP) is the #7 polled bull available in Switzerland at 1340 GZW CH with a rare 124 in udder
- **Ultratop** (S. Adee) from the famous Urgele EX-91 family still holds 126 udder in CH with very complete package
- **Tornero P** (S. Ramses) continues to attract interest with a blend of fat and protein kg, superior fertility and top proofs in PPR with 222 and GZW CH 1428

Remise (S. Aristo) dam of Uderzo P

Reaction (S. Janco) dam of Urion P

Brown Swiss daughter proven bulls

- **Optimal** (S. Sinatra) has now 418 daughters in milk and proves to be one of the best of his generation: #1 proven in Switzerland at 1391 GZW, also 153 PPR. A unique bull that combines milk, udders, strength and fitness traits all in one !
- **Pactole** (S. Blower) his much awaited proof with early daughters is moving up everywhere: he is #3 of available bulls in Italy at 1233 ITE, also 1390 GZW CH and 165 PPR

Sora, daughter of Optimal

This is just a small excerpt from the interesting portfolio of SYNETICS. We will shortly be presenting our current range of bulls in more detail here.
