

SUCCESSING TOGETHER !

- Once again, this proof run highlights the strength of the SYNETICS program, with the new World Top 2 ISU and the arrival of **Udol** and **Unifoux P**, both exæquoe at 226.
- We have also added 17 new bulls to our range from 11 different sires, with an **average ISU of 212**, including 4 new polled bulls.
- This proof run also highlights the reliability of our bulls, spearheaded by **Pellegrino** and **Gepard RF**.
- At SYNETICS, **the future is already polled** with the best bulls available !

#1 & 2 ISU

75% of Top 20 ISU

#3 & 4 of proven list

#1 to 8 of Top ISU polled

Fertimax : Worldwide launch!

Fertimax, world #1 in semen fertility

With **+8 pts of success at AI**, a performance unequalled in the world of insemination and massively proven on the field, Fertimax is now launched worldwide to make reproduction easier and faster.

High-quality bulls are available as Fertimax semen:

- **Thorpe RF**, **Shakaponk** and **Tornado** join an ever-expanding range of 10 sires, including Saplomb, Speculos, Sherlock and Roddick.

Thorpe RF

SYNETICS, the new generation

- **Update**, son of the singular sire Upward Del on the cow I M Happy VG-88 (Soundcloud) with 10 generations classified VG or EX. He can be used in all systems thanks to his production, health traits, suitability for robotic milking, calving ease and feet & legs (+2.0) with very good dermatitis resistance.
- **Udol**, the new #1 ISU (226), exæquoe with Unifoux P, thanks to his high components associated with milk as well as his exceptional daughter fertility.
- **Unifoux P**, #1 ISU exæquoe and son of Suribay P. The new sensation in production (INEL 89, Milk +1665) and contents with a good combination of functional traits and on top of this, the polled gene.
- **Unygann P**, the best Suribay P son in type (+3.6) and great-grandson of Applicable Nanalzee EX-91. With no close Gymnast blood and polled, he has everything to meet longevity requirements.
- **Uzeda P**, an impressive builder of wide cows (+1.6) without excess size (+0.6), with excellent level of contents, hoof health, mastitis resistance, feet & legs and polled.
- **Ultrafoux**, one of the leaders in mastitis resistance (+2.9) among bulls with over 215 ISU pts. A superb balance of type, production and functionality !

I M Good VG-88, G-Dam of Update

- **Upro**, very high level of production (Milk +1734) for this Roker son, combined with solid feet & legs, functional and optimal frame traits.
- **Uldado**, one of our first two Soldado sons, specializes in contents (158 kg) thanks to exceptional components but not only...
- **Urrezko**, 1st son of Stive, out of the Roylane Mark Carmen EX-92 line, will be one of the best bulls to combine milk, functional, milking speed and type, notably with exceptional udder attachments.
- **Ulrich RF**, another Saplomb son. Without doubt, one of the most complete bulls of his generation, very easy to use and carrying the red gene.
- **Ubrica**, out of Complex Rencontre VG-85, half-brother to Tonykroos, who produced 15931 kg in 357 days. He will improve your herd's genetics.
- **Urzokari**, the perfect balance for uncompromising robotic milking, with ideal milk capacity and great feet & legs.

Ulrich RF

More than ever, SYNETICS proven sires stand out thanks to their daughters

- The new French #1 and World #3 in this category is **Pellegrino** with 198 ISU. He also shines in the spotlight, ranking among the leaders of his generation on many other international breeding scales, such as in Canada where he is #1 and in Germany at #2.
- Beyond Pellegrino, the list of 40 proven bulls (Rel \geq 90) still available at over 170 ISU pts is enriched with **9 bulls \geq 180 ISU**.
- Among them, **Gepard RF** #4 ISU with a prodigious milk level at +2081, with 664 daughters. **Poulidor**, who adds 366 daughters to his evaluation, remains particularly stable in udder at +2.7. **Oued**, with 1865 daughters in production, improves in type (+2.0) and remains one of the leaders in health and functional traits, while being very complete in production.
- **Polibay** and **Oria**, at 178 ISU respectively, are gaining in reliability and siring productive, hard-working daughters in the herd.

ST Yorre GP-84 (S. Pellegrino)

This is just a small excerpt from the interesting portfolio of SYNETICS. We will shortly be presenting our current range of bulls in more detail here.

SYNETICS - The perfect fit
