

## Numerous Top list leaders from SYNETICS

Breeding value estimation December 2024

- Double top B&W: **Pennywise** takes the lead ahead of **Real Syn** among the genomic bulls and **Pellegrino** defends his pole position among the daughter proven bulls.
- Super conformation placings by **Aeronaut**, **Way Maker**, **Spicy Red** and **Solito Red**.
- **SYNETICS** breeding program has 8 bulls in the Top 20 of both B&W RZG lists (daughter proven and genomic).
- A wide range of Polled genetics enrich the Top lists with good placings.

**#1 & #2** of Top B&W genomic list

**#1** of Top B&W proven list

**40%** of Top 20 B&W proven and genomic list

### Black & White genomic bulls

- In-house change of leadership: **Pennywise** overtakes **Real Syn** and is the new #1 from now on.
- 8 bulls all with a different sire can be found in the Top 20: They demonstrate the broad and variable strength of the **SYNETICS** breeding program.
- Some of them are the highest sons of their sires, including the well-known TPI bulls **Trophy** and **Gibney**.
- In addition to **Gibney**, **Garcon** also has an outcross pedigree which, in combination with good values for RZG, RZ€, solid conformation and good milk production, is a real recommendation.
- **Alster** is the highest **Aljano** son, who can be found in the Top 30 and is already increasingly being used as sire of sons.

*Alster (S. Aljano)*

### Black & White daughter proven bulls

- Here, too, 8 **SYNETICS** bulls can be found in the Top 20.
- **Pellegrino** remains successful in the German breeding value system and is again #1 with double the number of daughters.
- **Hadi** stands out as one of the winners of this breeding value estimation. The sire of productive cows records +4 points in the RZG despite base adjustment.
- **Beachboy** is increasingly in demand. He can be found in the Top 30 with a doubled number of daughters and is now the sire of dam that stand in front of new young bulls.
- All-purpose weapon **Topstone** in 6th place remains by far the bull with the most daughters in the Top list and therefore has highly reliable values.
- Who knows an RZE list without **Darlingo** at the top? He is and remains a sought-after conformation specialist.

*Pellegrino daughter: WEH Linnea VG-85 1. Lactation (Owner: Hintze, Trebel)*

## Red & White genomic bulls

- **Cop Red PP** once again defends his position as the highest homozygous polled sire in Germany's Top lists of Red and White genomic bulls.
- As a newcomer, **Pedri Red** impresses in 8th place. He has a super cow family in front of him and shines with components and good milk production! He also has excellent conformation and appealing functional traits.
- There is no way around **Spicy Red** for conformation, who tops the list by some distance. He is followed by **Maz Red PP**, **Tucson Red** and **Femur Red** in the Top 5.

*Cop Red PP (S. Cartoon P)*

## Red & White daughter proven bulls

- 50 % of the Top 10 RZG bulls coming from SYNETICS.
- **Safari Red** ranks second again as the highest **Spark Red** son and shows milk and great udders with a growing number of daughters.
- His sire **Spark Red** (8th place) has been in the Top lists for a long time and has the most daughters, all of whom produce a lot of milk.
- **Six Red PP** is the highest homozygous polled bull in this segment.
- **Symbol Red** and **Say Red PP** are new among the progeny tested Red & White bulls and show super results in the RZG. **Say Red PP** is also at the top of the conformation list (3rd place).
- **Solito Red** continues to set new standards with his unrivalled RZE and is 5 points ahead of the competition.

*Six Red PP daughter: Bömsi VG-86  
1. Lactation (Owner: Lehmborg,  
Jameln)*

This is just a small excerpt from the interesting portfolio of SYNETICS. We will shortly be presenting our current range of bulls in more detail here.

**SYNETICS** - The perfect fit
