

SYNETICS provides a diversified and complete US line-up with a high genetic value

- **SYNETICS** display 23 bulls over 3100 GTPI and 4 bulls over 3200 GTPI including **Trophy**, **Trovatos** and **Arthis**.
- **SYNETICS** owns 22 bulls over 1100 NM\$ including 4 over 1200 NM\$ of which **Popstone** and **Upset**.
- **Trophy** remains in the Top 100 GTPI with +3287.
- And **Pellegrino** is just a step away from the Top 100 Proven TPI with +2941. **Rainow** got his first daughters and is evaluated at +2998 TPI.
- 5 new bulls join the line-up having a wide variety of different sires and coming from various renowned families.

4 bulls > 3200 TPI

4 bulls > 1200 NM\$

1 sire in the Top 100 GTPI

Black & White genomic bulls

- We welcome 5 new bulls in the US line-up:
- **Arthis** reaches the top of our offer with +3212 GTPI. He provides high milk at +1844 lbs with nice functional and type traits.
- **Gibney** offers a high type at +2,50 with a good A2/A2 milk level at +1660 lbs. His full brother **Gibcoin** is also an attractive balanced bull with good combination of milk, type and DPR.
- **Gourmet** is a new released Gordon son coming from the powerful family of Markwell Durham Felice EX-92. He provides high A2/A2 milk at +1817 lbs and great type at +2,13.
- The first Bosvito son **Bostoni** is arriving with a nice combination of milk at +2021 lbs, good type and functional traits, particularly fertility.
- The 2 Trooper sons **Trophy** and **Trovatos** remain our highest TPI bulls with +3287 and +3223, offering perfect balanced profiles between production, fertility and type.
- **Upset** and **Upstanding** are the perfect candidates if you are looking for more milk with over 2000 lbs of milk.
- The homozygous polled bull **See PP RDC** is still one of the highest PP bulls available with +2916 GTPI.

Gibney

Gourmet

Black & White daughter proven bulls

- **Pellegrino** is our highest available daughter proven with +2941 TPI. He stands out in milk at +1726 lbs and type at +2,30 and comes from the deep Wesswood-HC Rudy Missy EX-92 family.
- **Rainow** is having his first daughters and remains high with +2998 TPI.
- **Lenovo** is still high at +2922 TPI and +976 NM\$.
- **Pompadour** is also climbing at +2906 TPI with a nice balanced profile.
- **Hurley** remain very interesting for his high components.

*Soleil, daughter of **Pellegrino***

Red & White genomic and daughter proven bulls

- We welcome **Siam Red P** which is our highest Red and Polled bull available with a balanced profile. He is coming from the renowned Glen Drummond Splendor VG-86 family.
- **Promise Red** stays very attractive with +2863 GTPI, good milk at +1437 lbs and type at +1,90.
- **Random Red** is still doing great with a nice package of production, fitness and type traits.
- Regarding the daughter proven sires **Grando Red** has strongly increased to +2651 TPI.
- If you are looking for polled sires, **Say Red PP** is our most existing homozygous new proven bull offering excellent type and udders.
- **Soul Red P** and **Sam Red P** are also interesting proven polled candidates.
- Finally, **Solito Red** remains the perfect choice to improve type and udders, coming from the famous KHW Regiment Apple-Red EX-96 family.

Siam Red P

This is just a small excerpt from the interesting portfolio of SYNETICS. We will shortly be presenting our current range of bulls in more detail here.
