

## SUCCESSING TOGETHER !

**SYNETICS** brings the highest bulls' level to get efficient cows and anticipates tomorrow by providing essential new traits for farmer's challenges and society's requirements.

### FERTIMAX: a new global dimension

**FERTIMAX** is now distributed in 8 countries, with a real buzz in Germany: over 12,000 AIs in just a few weeks. Worldwide recognition for this revolutionary solution, **which improves AI success by +8 points.**

**FERTIMAX** has taken a new step forward by integrating the herd dimension into the breeder's strategy, for even more efficient management of reproduction and renewal to meet the challenges of tomorrow.

### Sire and daughter **CALVING EASE: new reading scale**

For this December 2024 proof run, sire and daughter calving ease breeding values also benefit from the new "Single Step" evaluation method, successfully deployed since 2022 for other traits in dairy breeds. In practice, The mean of the reference population is centered on 0 with a standard deviation of 1.

In the Pie Rouge breed, the new recommended NAI index threshold for use on heifers starts at +0.0.

### Our bulls in all the rankings

- #1 ISU available → Ultimatom (226 pts)
- 11 bulls available ≥ 195 pts
- 3 PP bulls available ≥ 195 pts
- 75% Polled PP or Pp bulls
