April 2025 base change Historic genetic progress in Holstein!

The annual index base change shows the genetic progress achieved by the reference population, to which SYNETICS has made a major contribution. This year's progress is historic, with +8,5 ISU points.

2025	ISU	Prot	Fat	Milk	Type	Udder	Body	F&L	MS	UDH	REPRO
	+8,5	+0,19	+0,23	459	+0,25	+0,22	+0,1	+0,10	+0,01	+0,17	+0,12

Genetic progress over the past 5 years (estimated for 2022, with switch to SSTEP method):

2021 à	ISU	Prot	Fat	Milk	Type	Udder	Body	F&L	MS	UDH	REPRO
2025	+37	+0,6	+0,6	+273	41,1	+1,0	+0,4	+0,5	+0,1	+0,7	+0,6

In 2025, a bull at +200 ISU was evaluated at +237 ISU in 2021

In 2025, a bull at +1,5 Type was evaluated at +2,6 Type in 2021

SYNETICS, raises the performance of dairy farms with the new generation: 17 new bulls from 14 different sires, including 10 bulls compatible with robotic milking, 10 positive in milking speed, 10 over 1100 kg of milk, and outstanding health for autonomous, productive and easy-to-manage cows.

New sexed semen bulls available:

- Vendetta (Tornado x Rover), a true production champion, he combines volume and milk quality (+180 kg CFP) with strong guarantees in body width, feet & legs and hoof health.
- Captcha (Capitol x Hadi), the combination of fast milking speed (+1,1), plenty of milk (+1327 kg) and strong udders with powerful ligaments.
- Ulyana (Squash x Real P), ensures daily milking comfort, excellent longevity, ideal cow type (+2,8 Type) and high production.

Timbale GP-83 1st lactation, dam of Vendetta

- Udini (Podium Del x San Remo), ideal for creating cows that have a superb type (+3,2) Type), productive (+1250 kg) and quick to milk.
- Utiko P (Stud P Rf x Gigaliner), the guarantee of robust, mastitis-resistant cows (+2,2) with strong udders and feet & legs.
- And the promise of a 100% polled future with Urasi PP (Siri PP Rf x Sanchez P), with a fertility that will make all the difference (+2,8) and Ukaldi PP (Sienne P x Admiro PP) at the top in production (+1599 kg).
- And always the top of sexed semen already available: Unifoux P, Unygann P, Real Syn, Usqvarna, Update, Urzokari, Teacup P, Upro...

Captcha

Ulyana

New conventional semen bulls available:

- Uhlu (Sherlock x Polibay), a perfect balance between production, originality and impeccable type.
- Utopic Rf (Tandem Rf x Rafter), a key player for performance, milking speed (+1,8) and milk quality (UDH +1,9).
- Uraska (Sperous x Johnboy), with +150 kg CPF, he ensures optimum quality in every liter of milk produced.
- Combine performance and red colour with Utzo Red (+204 ISU) and Uza Red (+1493 kg Milk).
- And also Uceolia P (+1432 kg milk), Uroy (+1,8 F&L & +1,8 STPI), Ucalegon (+1,2 MS), Unilike (+3,6 Type), Unix Rf P (+1,8 F&L)...

FERTIMAX, ever more attractive bulls with +8 success points at Al!

Usqvarna and Uztar P integrate the FERTIMAX range to offer you an ever wider choice of bulls, at the highest level, to optimize all your mating strategies and improve fertility.

More than ever, SYNETICS bulls stand out for the confirmation of their daughters:

- Rosario (ISU +206): A 5-point gain in ISU with the arrival of his 1st daughters, compared with his 1st evaluation in 2021, confirming his excellent genetic potential. He stands out for his high components while offering significant milk progress, perfect udders and strong feet & legs.
- Gigaliner (ISU +192 / Rel. 93): He confirms his position as one of the world leaders in milk production (+2002 kg), an essential reference for maximizing your herd's yield.
- Pellegrino (ISU +187 / Rel. 95): An emblematic bull that maintains his rank in France and continues to shine internationally, proving his genetic reliability: #1 Germany and Spain, #2 Poland, #11 Canada and Italy.
- Polibay (ISU +171 / Rel. 95): A true phenomenon that never ceases to amaze, with a 100% quality profile and zero defects, ideal for transmitting uncompromising genetics.
- And many other proven bulls: Many dairy profiles available and always very attractive with Pernik, Rhumraisin, Pacoline and Rafter.
- On type side: A wide range of type-bred bulls from deep maternal families: Rockchip, Solito Red, Liway Sil, Rockland...
